901.05(c) Obtaining Copies

901.05(d) Translation

901.06 Nonpatent Publications

901.06(a) Scientific and Technical Information Center (STIC)

I. STIC COLLECTIONS

- A. Books
- B. Periodicals
- C. Foreign Patent Documents
- D. Special Collections

II. HOW TO LOCATE MATERIALS IN STIC

III. LOAN POLICY

IV. STIC SERVICES

- A. Reference Services
- B. Online Searching
- C. Foreign Patent Services
- D. Translations
- E. Interlibrary Loans
- F. On-Site Photocopying
- G. Obtaining Publication Dates
- H. Tours

901.06(b) Borrowed Publications

901.06(c) Alien Property Custodian Publications

- 901.06(d) Abstracts, Abbreviations, and Defensive Publications
- 901.07 Arrangement of Art in Technology Centers
- 901.08 Borrowing References
- 902 Search Tools and Classification Information
  - 902.01 Manual of Classification
    - 902.01(a) Index to the U.S. Patent Classification System
  - 902.02 Class and Subclass Definitions
    - 902.02(a) Definition Notes
  - 902.03 Classification Information
    - 902.03(a) Patent Classification Home Page on the Internet
    - 902.03(b) Patent Classification Home Page on the USPTO Intranet
    - 902.03(c) Classification Insight on USPTO Local Area Network (LAN)
    - 902.03(d) Patent Information and Search Tools: the Cassis DVD-ROM Series
    - 902.03(e) Automated Search Tools: EAST and WEST
  - 902.04 Classification Orders
    - 902.04(a) Reclassification Alert Report

  - 903.06 Harmonized Subclasses

903.07 Classifying and Cross-Referencing at Allowance

903.07(a) Cross-Referencing — Keep Systematic Notes During Prosecution

903.07(b) Issuing in Another Technology Center Without Transfer

903.08 Applications: Assignment and Transfer

903.08(a) New Applications

903.08(b) Classification and Assignment to Examiner

903.08(c) Immediate Inspection of Amendments

903.08(d) Transfer Procedure

I. TRANSFER BETWEEN ART UNITS WITHIN THE SAME TECHNOLOGY CENTER

II. TRANSFERS BETWEEN DIFFERENT TECHNOLOGY CENTERS

III. PROCESS FOR TRANSFER

903.08(e) General Guidelines Governing the Assignment of Nonprovisional Applications for Examination

I. UNDOCKETED APPLICATIONS RECEIVED FROM THE OFFICE OF INITIAL PATENT EXAMINATION (OIPE)

II. PALM EXPO

903.09 International Classification of Patents for Inventions

I. INT. CI. LAYOUT

A. Section

B. Class

C. Subclass

D. Group

E. Complete Classification Symbol

II. CLASSIFYING IN THE INT. CI. SYSTEM

A. Selecting Subclasses Corresponding to U.S. Classes

B. Selecting Main Groups Corresponding to U.S. Mainline Subclasses

C. Selecting Subgroups Corresponding to U.S. Indented Subclasses

### III. U.S. INT. CI. CONCORDANCE

903.09(a) Locarno Classification Designations

904 How to Search

904.01 Analysis of Claims

904.01(a) Variant Embodiments Within Scope of Claim

904.01(b) Equivalents

904.01(c) Analogous Arts

904.02 General Search Guidelines

904.02(a) Classified Search

904.02(b) Search Tool Selection

904.02(c) Internet Searching

904.03 Conducting the Search

905 Miscellaneous

905.03 Ordering of Patented and Abandoned Provisional and Nonprovisional Application Files

905.06 Patent Family Information

#### I. AVAILABLE DATABASES

#### II. ACCESS TO FOREIGN PATENT INFORMATION
